Access to Information Policy

The World Bank Policy on Access to Information sets forth a groundbreaking change in how the World Bank makes information available to the public. Now the public can get more information than ever before—information about projects under preparation, projects under implementation, analytic and advisory activities.

Date: 2013
Open Data in Partner Countries
Challenges

- Incentives to publish data?
- Privacy issues, in particular micro-data and private sector data
- How to mainstream?
- How to measure impact?
- Does open data create new inequalities?
- Do we create powerful data monopolies?
